

Randy Efros

Special Print Offer

The Scotland Portfolio

A portfolio of ten 4x5" platinum prints, in an edition of 10 portfolios, is available in this special offer. All prints are individually hand-crafted by Randy Efros, former assistant to Brett Weston. These platinum prints are normally \$400. At the portfolio price of only \$2,000, these images will make a fine addition to any collection.

Randy Efros began his career as a fine arts photographer over 35 years ago. A native of Arizona, he has traveled extensively in the United States and abroad seeking a wide variety of subject matter for his work. Both in color or black and white, a large body of work best termed "abstract" resulted in over 45 one-man shows and 15 portfolios.
